Scarlet Guest Speaker

On Monday we received a very welcome visit from Yash P, former VCE student and dux for 2012. Yash presented at our weekly Scarlet Guest Speaker Program. He provided sage advice to our VCE students and shared his approaches to his VCE studies, as well as being very entertaining. Yash told us when he was in VCE it was his dream to come back to be a guest speaker for other VCE students. This week his dream came true.

Yash contributes to the recent history of Fitzroy High School by being the first of our students to transition directly to medicine at tertiary level. He has moved out of home and is living on campus in Armadale

NSW, undertaking the 5 year Joint Medical Program at the University of Newcastle and New England. He is enjoying the course and at this stage hopes to become a surgeon. This is an impressive, especially considering Yash is still only 16 years old.

Yash was also offered a place for Bachelor of Science at the University of Melbourne and received his offer for medicine when he was on holiday with his family in India.

We wish Yash all the best for his studies. We know that Yash will communicate well with his future patients as he has a genuine interest in and empathy for humanity, as was demonstrated in his talk to our VCE students on Monday.
