

**VCE Course of Study 2008/2009 – Name:\_\_\_\_\_Form:\_\_\_\_\_**

**Step 1.** Fill in the subjects you are best at and most enjoy doing in Year 10. Under each subject write a brief comment about how you are going or what you like about the subject.

<b>Subject</b>						
<b>Comment</b>						

**Step 2.** List your top three future potential occupations you identified when doing career exploration with the Job Guide, and the Self-directed Search. Using the VICTER guide, held by your Tutor, locate and record the possible courses you would need to complete in order to qualify for your occupations. Also record the institutions where they are offered. Finally, record the prerequisites required for entry into each course. This exercise is to ensure you do not inadvertently limit your options when making choices for your VCE/VET course of study for next year.

Example

<b>Occupation</b>	Architect			
<b>Courses &amp; Institutions where offered</b>	Architecture – Deakin & RMIT  Bachelor of Environments – Melbourne University			
<b>Prerequisites</b>	Units 3 & 4 English			

**Step 3.** Fill in your planned course of study for VCE/VET in 2008/09. Ensure you include all prerequisites for any intended future study beyond VCE/VET. Please circle the English course of study you wish to pursue. Should you wish to further explore alternative pathways to VCE, please make a note in the space provided on the bottom right hand side of the page. All options will be discussed with Sandra in an individual Careers Counselling session. Your Tutor will assist you with making the appointment.

<b>Semester 1 2008</b>	English 1 or ESL 1 or English Literature 1					
<b>Semester 2 2008</b>	English 2 or ESL 2 or English Literature 2					
<b>Semester 1 2009</b>	English 3 or ESL 3 or English Literature 3
